我们致力于为全球客户提供耐用、轻量化和可持续的铝解决方案。联系我们讨论您的项目需求！

Serving clients worldwide, we are committed to delivering durable, lightweight, and sustainable aluminum solutions. Contact us to discuss your project needs!

公司简介 Company Profile

浙江安然电气科技有限公司（简称：安然铝业）成立于2011年，位于浙江省台州市。公司占地面积22000平方米，拥有标准化厂房约16000m²，专注于工业铝型材的挤压生产及精密加工服务。

公司配备2000吨、1000吨、630吨挤压生产线及CNC加工中心等全套生产设备，并引进德国先进检测仪器，构建了完善的质量管理体系。公司实现年产型材超万吨，产值约2亿元。2017年通过ISO9001质量管理体系认证，2020年取得IATF16949:2016汽车行业认证，严格执行国家高精度标准GB5237-2000，确保产品品质。

公司的主要产品为：工业铝型材、气动铝型材、铝排、铝棒、铝管、异型材、散热器、电机外壳型散热器、眉头料、流水线型材等系列产品。公司支持定制化服务，提供从设计开发、模具制造到批量生产的全流程定制服务，满足客户个性化需求，打造专业铝材应用解决方案。

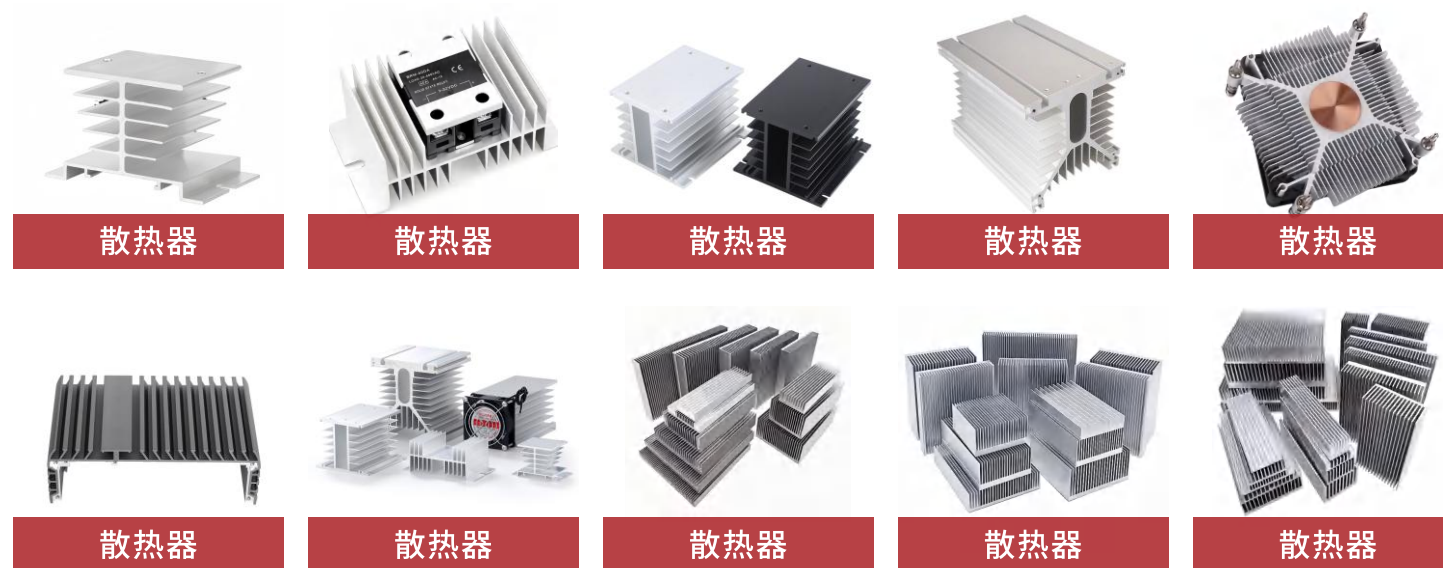

Zhejiang Anran Electrical Technology Co., LTD. (referred to as Anran Aluminum Industry) was established in 2011 and is located in Taizhou City, Zhejiang Province. The company covers an area of 22,000 square meters and has approximately 16,000 square meters of standardized workshops, specializing in the extrusion production and precision processing services of industrial aluminum profiles.

The company is equipped with a full set of production facilities including 2,000-ton, 1,000-ton and 630-ton extrusion production lines and CNC machining centers. It has also introduced advanced German testing instruments and established a complete quality management system. The company has achieved an annual production of over 10,000 tons of profiles, with an output value of approximately 200 million yuan. In 2017, it passed the ISO9001 quality management system certification, and in 2020, it obtained the IATF16949:2016 automotive industry certification. It strictly adheres to the national high-precision standard GB5237-2000 to ensure product quality.

The company's main products include: industrial aluminum profiles, pneumatic aluminum profiles, aluminum bars, aluminum rods, aluminum tubes, special-shaped profiles, heat sinks, motor housing type heat sinks, eyebrow materials, assembly line profiles and other series of products. The company supports customized services, providing full-process customized services from design and development, mold manufacturing to mass production, meeting customers' individualized demands and creating professional aluminum material application solutions.
